Except for historical information, this presentation may contain certain “forward-looking statements”. These statements may involve a number of known and unknown risks and uncertainties and other factors that may cause the actual results, level of activity and performance to be materially different from the expectations and projections of Globex.

No assurance can be given that any events anticipated by the forward-looking information will transpire or occur, or if any of them do so, what benefits Globex will derive from them.

A detailed discussion of the risk factors relating to Globex is available in Globex’s Annual Information Form, available at www.sedar.com and at the Corporation’s web site at www.globexmining.com.

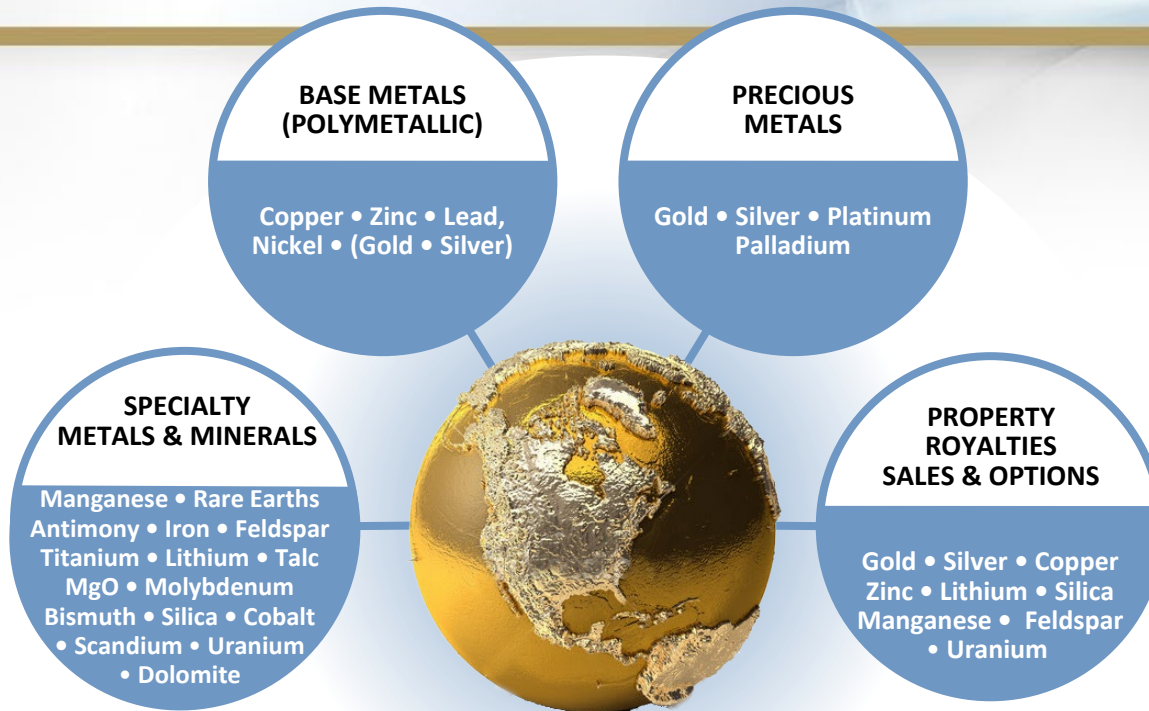

References to reserves or resources if NI 43-101 or JORC conformable will be indicated as such. If not so indicated, they are historical and have not been verified by Globex’s professional staff and should not be relied upon.
