Globex: Sells Certac Cells to Osisko Mining

Rouyn-Noranda, Québec, Canada. GLOBEX MINING ENTERPRISES INC. (GMX – Toronto Stock Exchange, G1MN – Frankfurt, Stuttgart, Berlin, Munich, Tradegate, Lang & Schwarz Stock Exchanges and GLBXF – OTCQX International) is pleased to inform shareholders that Globex has sold our Certac copper/zinc/gold/silver property located at Le Tac township, Quebec (32F08) to Osisko Mining Inc. (OSK-T). Consideration for the sale is a cash payment of two hundred and fifty thousand dollars (\$250,000) and a Gross Metal Royalty (GMR) payable to Globex on all metal production based upon the gold price upon the date of delivery of the metals by a smelter or royalty. The GMR will be 2.5% at a gold price below \$1,000 per ounce or 3% GMR at a gold price equal to or greater than \$1,000 per ounce. Osisko retains a first right of refusal should Globex decide at anytime to sell its GMR as well as an exclusive right to buy back 1.5% GMR for \$1,500,000.

The Certac property covers a number of copper and gold occurrences as well as the extensions of mineralized horizons or zones on neighboring cells owned by Osisko Mining Inc.

Previous drilling reported copper and gold intersections as did surface sampling on a number of showings. The sale of the Globex claims to Osisko Mining Inc. consolidates their land holdings in the area and assures that quality exploration will be undertaken on the cells covered by Globex’s GMR. Globex retains a significant portion of any possible future production on the cells through its GMR should exploration successfully outline an economic deposit.
