DANIEL BERNARD JOINS GLOBEX TEAM

Rouyn-Noranda, Quebec, Canada. GLOBEX MINING ENTERPRISES INC. (GMX - Toronto, G1M - Frankfurt, Stuttgart, Berlin, Munich, Xetra and GLBXF - OTCQX) is pleased to announce the appointment of Mr. Daniel Bernard to the position of Executive Vice-President of Globex Mining Enterprises Inc. Mr. Bernard brings to Globex a varied skill-set of technical expertise in geological sciences and administration.

The appointment of Mr. Bernard will free up the President to devote more time to those aspects of Globex's business which will generate more assets, property options, revenue and royalties.

Mr. Bernard has a Bachelor's degree in Applied Science, specifically geological engineering, a Master's degree in Science (structural geology) and a Master's degree in Business Administration.

Until recently, Mr. Bernard was the member of the Quebec National Assembly (Quebec's Parliamentary body) for Rouyn-Noranda/Temiscamingue, the region hosting most of Quebec's mineral production. In that capacity, he served on numerous parliamentary committees including Agriculture, Fisheries and Food, Labour and Economy and Social Affairs. He also served as parliamentary assistant to the Minister of Agriculture, Fisheries and Food.

Prior to being a member of parliament he was active on numerous local committees and boards including Chairman of the Working Group on Development of the Rouyn-Noranda Mineral Sector, a member of the Working Group for the Quebec Protected Areas Strategy, a member of the Advisory Committee for the Quebec Geology Department, and the Advisory Committee on Ministry of Natural Resources Quebec Strategic Planning. He also was a director of the Prospectors and Developers Association of Canada and Vice-President of Société minière Pershimco, a gold exploration and development company.

Daniel has a vast engineering and geological background including positions with Inco Ltd. as a geological engineer and Roche Groupe Conseil Ltée, Inmet Mining, Soquem Inc. and Barrick Gold Corporation as project or senior engineer.

He also has served as Executive Director of the Quebec Mineral Exploration Association, a position in which he represented the Quebec Exploration and Mining Industry, both at home and abroad as well as to various levels of government.

Jack Stoch, President of Globex, states that, "Daniel, with his obvious knowledge and experience, is a welcome addition to Globex's senior management team which has been more and more inundated with work as the Company grows from a junior exploration company to an exploration, discovery and royalty company with more assets, significant revenue and larger and more complex projects."
